

Amendment

to the

Montana Delegate Selection Plan

for the 2020 Democratic National Convention

Due to recent events involving COVID-19 and CDC requirements, the Montana Democratic Party and the County Democratic Central Committees, have shifted to a remote delegate selection process. We will prioritize essential Party business and the election of delegates to the next step of the caucus-to-convention process.

Quorum:

Shall be determined by quantity of convention registrations. Attendance shall be recorded.

Remote Process Registration:

During the registration period, all elected alternates and delegates will be able to register to vote and participate in the MDP Convention. The Montana Democratic Party will publicly post the registration period. Participants will be allowed to register via online form at www.montanademocrats.org or by calling the MDP Help Line at 406-442-9520 and providing all necessary registration information.

Voting:

Shall be conducted via electronic ballot using email and text delivery, or in the case of no reliable internet or cell service, by voice vote by calling the MDP Help Line at 406-442-9520 during each voting period. When voting is conducted within a video conference meeting, it shall be conducted via voice vote, hand raising or via the voting tool within the Zoom video conference.
