

MT DEMS

5/26/20

Democrats,

This email is to officially call you to Convention to formulate our platform for 2020, complete our National Delegate selection process, and elect our National Committee People to the DNC.

This year due to COVID-19 our convention will look a little different. We plan to hold most of our business digitally. You can find out more on the special website we set up at <https://montanademocrats.org/2020convention/2020-mdp-conventions/>.

Because the work of the Convention will be done digitally, we will open registration for the Platform convention online on June 3rd at 8:00 am and will end registration at midnight on June 4th.

At 8:00 am on June 5th we will call the convention to order via email so registering with an accurate email address and cell phone number will be critical.

At 9:20 am we will begin the first of two flights of plank committee hearings. Upon registration you will receive details on how to participate.

Throughout the convention please watch your email closely as we will be sending updates on the convention. We have some special guests planned for Friday evening.

We will convene the State Delegate Selection Convention on Saturday June 6th at 9:00 am for those that were elected at their respective County conventions.

I hope this email finds you well and you bear with us as we conduct the first-ever digital convention of the Montana Democratic Party.

Robyn Driscoll

Chairwoman, Montana Democratic Party.
